| | | No <input type="checkbox"/> | | _____ | | Over 5kg(not permitted) <input type="checkbox"/> |
| NOTE: <ul style="list-style-type: none"> The passenger MUST bring a copy of this form and the doctor's letter when travelling and present them to the cabin crew, if requested. A minimum of 48 hours notification must be given to Emerald Airlines via the Aer Lingus Special Assistance Department, including the completion of relevant medical forms required for travel. Cabin attendants are NOT authorised to give special assistance to particular passengers, to the detriment of their service to other passengers. Cylinders and valves must be free from rust and corrosion. Please note that there is a limit of four (4) personal Oxygen bottles PER FLIGHT. (This is a total number per flight and not passenger). Cylinders shall weigh no more than 5kg and be capable of stowage either in the overhead bin or under the seat in front. When stowed overhead, the bottles must be carried in a suitable carry case. | | | | | | |
